

MAN signs Enterprise Framework Agreements with Shell

Zurich, 19.12.2011

The global energy company Shell selected MAN Diesel & Turbo for provisioning of rotating equipment and services

MAN Diesel & Turbo Schweiz AG
Hardstrasse 319
8005 Zürich, Switzerland

One six-year Enterprise Framework Agreement (EFA) was signed for the supply of new compression equipment for Shell locations worldwide and another five-year framework agreement was signed for the supply of aftermarket parts and services for existing rotating equipment.

MAN Diesel & Turbo and Shell have enjoyed close business relationships for many decades and cooperated in major up- and downstream projects around the globe, including the world's largest Gas-to-Liquid (GTL) Project in Qatar.

"We appreciate this opportunity to continue our long lasting relationship. These EFAs demonstrate Shell's level of confidence in our equipment and services", emphasized Dr. Uwe Lauber, Managing Director of MAN Diesel & Turbo Switzerland and Head of the Oil & Gas Business Unit.

With these agreements in place, MAN will strongly promote its high-quality compressor equipment and services around the world.

MAN Diesel & Turbo SE, based in Augsburg, Germany, is the world's leading provider of large-bore diesel engines and turbomachinery for marine and stationary applications. It designs two-stroke and four-stroke engines that are manufactured both by the company and by its licensees. The engines have power outputs ranging from 450 kW to 87 MW. MAN Diesel & Turbo also designs and manufactures gas turbines of up to 50 MW, steam turbines of up to 150 MW and compressors with volume flows of up to 1.5 million m³/h and pressures of up to 1,000 bar. The product range is rounded off by turbochargers, CP propellers, gas engines and chemical reactors. MAN Diesel & Turbo's range of goods includes complete marine propulsion systems, turbomachinery units for the oil & gas as well as the process industries and turnkey power plants. Customers receive worldwide after-sales services marketed under the MAN PrimeServ brand. The company employs around 12,700 staff at more than 100 international sites, primarily in Germany, Denmark, France, Switzerland, the Czech Republic, Italy, India and China. MAN Diesel & Turbo is a company of the Power Engineering business area of MAN SE, which is listed on the DAX share index of the 30 leading companies in Germany.
